

**FAST AVAILABLE
STOWAGE**
EASY. FAST. EFFICIENT.

CHARACTERISTICS

Storage space is often a rare commodity in high-density cabin layouts. The market demands quick availability of retrofit solutions if a new layout is to be changed over at short notice. This is why Diehl has developed the „Fast Available Stowage“ concept. Using decades of experience in designing aircraft monuments, we have devised a fast and affordable “ease-of-mind” product that is available faster than usual customized interior. Configure today, order tomorrow, receive your stowage in 8 weeks.

BENEFITS
