

"I particularly enjoy the **variety**.
Things stay exciting and one has many
opportunities to continue growing."

MAKE IT WORK EFFICIENT

SAP System Consultant (m/f/d)

These are your tasks:

- You can expect interesting tasks within the analysis, structuring and evaluation of business requirements
- You will be responsible for the expansion and optimisation of processes and systems in the SAP CS and SD modules
- You will advise and support our specialist departments and jointly develop concepts and solutions within various projects
- You are responsible for customising the application
- You create programming specifications as well as programme and process documentation

Who we are looking for:

- You have a university degree in business informatics, engineering, business administration or a comparable qualification
- You have deep knowledge of the SAP modules SD and CS. Your experience with SAP ABAP and SAP EHS is advantageous
- You are characterised by your structured and independent way of working as well as your focus on implementation and results
- Very good German language skills and good written and spoken English skills

Work location: 88662 Überlingen

Job Level: Professional

Working mode: On-site

Working time: Full time

Employment contract: limited until 31.10.2026

Division: Diehl Aviation

Start: with immediate effect

Applicants (m/f/d) with a severe disability will be given preferential treatment if equally qualified. Should you wish to do so, please indicate your SB status in your application on a voluntary basis. Please apply quoting the reference number UE_5224.

These are your potential benefits

-  Professional and personal development
-  Tariff compensation
-  Flexible working hours
-  Company pension
-  Company health management

Achieve what matters, with Diehl.
